SECOND DAY'S SESSION

Methodist Conference Discuss Some Important Questions.

MANY MINISTERS HERE

Business Will be Closed Today and Adjournment Taken.

The second day's session of the fortythird meeting of the Wichita district M E. conference at St. Paul's church yesterday was an interesting one. The conference is well attended by out of town people and the interest shown by Wichits citizens caused the church to be well filled during the day. Many new things of importance were discussed by the conference and same of the reports given show that Methodism is not decreasing in this district. The conference will adjourn at noon today and will convene again for business next February. The place of meeting had not been decided on last night, but the announcement will probably be made this morning. Several towns in the district have asked for it.

As usual with all Methodist confer ences the first session is always opened with a devotional service. The service of yesterday morning was led by Rev. F. McCormick and was especially interesting. At 9 a. m. was the business session for the morning and this consisted mostly of reports from the different purtors. At to a. m. Rev. J. W. Proen gave an interesting address on "Our Veteran Plan." It has been a perplexing problem for the Methodist church to decide just what to to with their veteran preachers. The present plan was ably commented on by Rev. Pruen. The discussion on this question was lead by Rev. J. A. Hyden.

Rev. W. H. Rose at 19:45 gave some in beresting facts in regard to "Our College." As is well known, this college is the Southwest Kansas college at Windeld. Rev. Rose presented many things of in terest to the ministers of the conference in connection with the school. The talk on "Tithing," to have been

iven at morning session, was deferred myth the afternoon. At 12 o'clock the conference adjourned until 2:30 p. m. The devotional meeting in the afternoon session was led by P. L. Mawdsley and many interesting testimonies were given At 2 p. m. a general topic, "Methodism of Today," was discussed. The subject was divided and Rev. Burns of the Emporis avenue church spoke on "Elements o Weakness." He printed out what seeme: to him, to be weaknesses in Methodism His remarks were to the point and were appreclated.

The next division was discussed by Rev F. F. Bernstorf. His remarks on "Ele ments of Strength of Methodism" were very interesting and he brought out many of the advantages of the Methodist
